Safety Precautions

The exclamation point within an equilateral triangle is intended to alert the user to presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Sécurité

Le point d'exclamation contenu dans un triangle équilatéral avertit l'utilisateur de la présence, dans la documentation qui accompagne l'appareil, d'importantes consignes d'utilisation et de maintenance.

Sicherheitshinweise

Das Ausrufungszeichen im gleichseitigen Dreieck soll den Benutzer auf wichtige Bedienungs- und Wartungsanweisungen in der Dokumentation hinweisen, die dem Gerät beiliegt.

Precauciones de Seguridad

El punto de exclamación dentro de un triángulo equilátero pretende alertar al usuario de la existencia de instrucciones de funcionamiento y mantenimiento (reparación) en la documentación suministrada con el aparato.

Veiligheidsmaatregelen

Het symbool van een uitroepteken in een gelijkzijdige driehoek is bedoeld om de gebruiker te waarschuwen voor de aanwezigheid van belangrijke bedienings- en onderhouds- (service-) instructies in de documentatie die met het product zijn meegeleverd.

Precauzioni

Il punto esclamativo racchiuso in un triangolo equilatero intende avvisare l'utente in merito alla presenza di importanti istruzioni operative e di manutenzione nella documentazione di accompagnamento all'unità.

Medidas de Segurança

O ponto de exclamação dentro de um triângulo equilátero serve para alertar o utilizador para a presença de instruções de funcionamento e manutenção importantes na documentação fornecida com o aparelho.

Zasady Bezpieczeństwa

Wykrzyknik wewnątrz trójkąta równobocznego ma za zadanie zwrócić uwagę użytkownika na ważne czynności, związane z obsługą i konserwacją urządzenia, zamieszczone w Instrukcji obsługi.

NOTE: This manual is only for installations where this unit is used with the LTC 9349 Unity®Dome Series. When using the LTC 9349MK with the AutoDome®, refer to the In-ceiling Installation Section of the AutoDome Installation Manual.

1 UNPACKING

Unpack carefully. Ensure that the following items are included:

- LTC 9349MK:
Base Bracket Assembly, including one (1) mounting plate and two (2) rails.

3 INSTALLATION

Backbox Module Mounting in Suspended Ceiling

Mount the backbox in a suspended ceiling grid using the existing ceiling tile, as follows.

1. Locate the bracket assembly at the desired location (PHOTO 2). Loosen the securing screws on the base bracket assembly (PHOTO 4) enough to retain the suspension bars during handling, but allowing adjustment during installation.

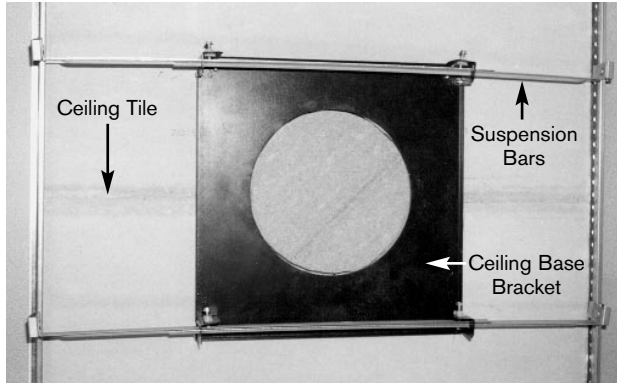

Photo 2: Ceiling Mounting (Top View)

2. Snap the bar clips over the ceiling rails (PHOTO 3). Slide the base plate to the desired position on top of the tile.

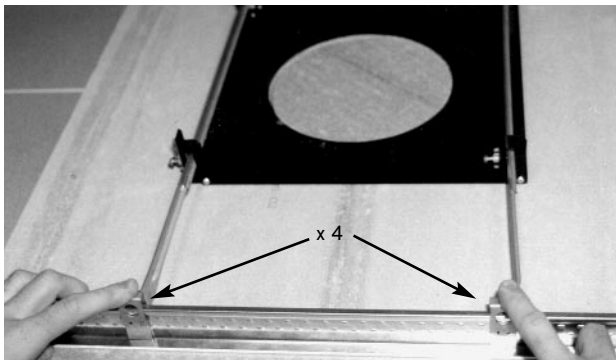

Photo 3: Bracket Clip Fitting

3. Tighten the 4 bracket screws located in each corner (PHOTO 4).

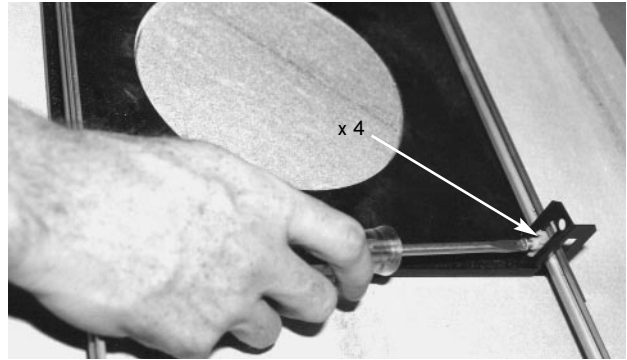

Photo 4: Bracket Securing Screws

4. Secure the bracket assembly to an overhead securing point using a safety cable (PHOTO 5).

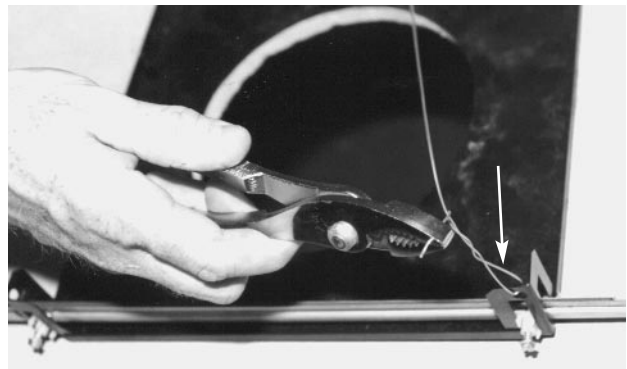

Photo 5: Safety Cable Fitment

5. Cut a 172 mm (6.75-inch) diameter hole in the center of the mounting plate using two (2) pencils (or a pencil and nail) and the template tool (provided with the LTC 9349 Unity Dome Series).
6. Install the unit as instructed in the LTC 9349 Unity Dome Series manual.
